General Conditions

You must give us all the information and help that we may reasonably require. This also applies where We wish to enforce any rights against any manufacturer, repairer or supplier.

You must comply with all the terms and conditions of this policy. Any liability We may have to make any payment depends on You keeping to Your obligations under the policy and on the truth of Your statements and answers on the Proposal Form.

If you make a claim and any other insurance would also entitle You to claim, the Policy will only contribute its rateable proportion of the loss. The insurer may at any time cancel any insurance document by sending 14 days' notice to the insured at his last known address.

This policy is in addition to any legal rights that may apply.

Terms and Conditions

1. No part of this policy may be altered without the written consent of the administrator.
2. WMS reserve the right to appoint the repairer of the vehicle, the supplier of the parts, and where available service replacement parts will be used.
3. Where the renewal of any parts or assemblies brings about improvement or betterment of the vehicle a contribution may be required from the policy holder. This will take account of the age and mileage of the vehicle and the cost of restoring the vehicle to its pre-breakdown condition.
4. Servicing - After servicing becomes due you have a maximum of 30 days or 1000 miles (whichever is the sooner) to have the service completed.

How to Make a Claim

1. If your vehicle suffers a mechanical breakdown, please check your policy carefully to establish that the fault is covered.
2. Telephone our claims dept on 0844 477 4909 or 01844 293 810 who will advise you of your local approved repairer. If you wish to use your own repairer, we will agree costs with them at the same parts and hourly labour rate as our network repairers charge. You will be responsible for any excess parts and labour charges.
3. If the cause of your breakdown is not obvious, it may be necessary to dismantle the vehicle to some extent. This will be done only on your authority and the cost of this will be your responsibility at this stage.
4. If WMS find the claim to be within the scope of your policy an authorisation number will be issued once the costs have been agreed. All repair times will be based on Autodata.
5. To establish liability it may be necessary to instruct an independent assessor to inspect and report his findings.

The result of which cannot be contested except by another independent assessor.

6. Claims must be registered within 7 days of their occurrence.

7. Once the claim has been authorised, you may proceed with the repairs. On completion, send in the repairers invoice and any service invoices requested.

8. In the event of a false or fraudulent claim being submitted, the policy will be rendered invalid. In all cases, we reserve the right to prosecute.

9. Any work carried out without prior authorisation will not be reimbursed. No claims are valid without an authority number.

10. Once a claim number has been issued you have 3 months in which to submit the invoice for payment. After this period of time the claim will lapse and no reimbursement is possible.

11. No claim will be considered unless mechanical breakdown has occurred and has been reported to us during the policy period. Please ensure that the authorisation number is marked on the invoice, and state clearly who is to be paid.

12. In the event of a valid claim during any instalment period please be aware that any outstanding premium will be deducted in full before the remaining claim payment can be released.
